

## FROM INDIANA.

C. W. Scott Likes to Hear From Gainesville.

Under date of Warsaw, Ind., January 9th, Col. C. W. Scott, who was at one time a resident of Gainesville, writes to The Sun as follows:

"The Gainesville Sun arrived in due time, the first week in December, 1904, and has put in an appearance regular twice a week since. How familiar it looked, just like an old friend, and how we all enjoyed the news it brought us of the old friends back in Gainesville.

"I was glad to hear of the progress the city was making; undoubtedly if the same spirit is kept up Gainesville will be the best city in Florida. I hope you will be able to get the discriminating freight rates adjusted, and if you do there is no doubt but what you will get the wholesale trade to re-locate in Gainesville.

"Dr. J. Wilbur Chapman, the great evangelist, and I spent the day together in the country week before last. He is a grand man, and told me that Dr. Clarence Strouse would assist him in his great meeting at Denver. He was glad to hear me recommend Dr. Strouse so highly. At that meeting Dr. Chapman will be assisted by eight well known evangelists, besides his noted singers.

"Yours truly,  
"C. W. Scott."

Upon this occasion the spacious home was elaborately decorated, and it is needless to add that those who attended enjoyed greatly meeting Dr. Jones, who is a most affable, entertaining gentleman.

## Harmon-Taylor Ball Game.

The baseball game between the Harmon and Taylor teams of the E. F. S. yesterday resulted in a victory for the former team. There were numerous errors, no earned runs, but an abundance of "strike-outs." Harmon having eleven to his credit while Coombs made eight of the boys strike the atmosphere. There were several decisions that the umpire felt a little backward about discussing. Smith, the "gentleman from Missouri," distinguished himself in left field, taking two fine flies.

The Taylor's got a basket of "goose eggs" up to the ninth and by a scratch saved a "shut-out." The teams were off on hitting, the pitchers doing most of the work. The score by innings was as follows:

Taylor's... 0 0 0 0 0 0 0 1—1  
Harmon's... 0 1 0 3 0 0 0 1—5  
Batteries: Taylor's—Coombs and Jacobie.

Harmon's—Harmon and Thomas; umpire, W. K. Zewadski. Time 1:40.

## Cured Lumbago.

A. B. Canman, Chicago, writes March 4, 1903: "Having been troubled with lumbago at different times and tried one physician after another; then different ointments and liniments, gave it up altogether. I can cheerfully recommend it, and will add my name to your list of former soldiers." 25c, 50c and \$1. Sold by W. M. Johnson.

## Girl Puts Out Her Eyes.

LaPorte, Iowa, Jan. 13.—Miss Cecilia McAndrews, who was kept under surveillance at Madison, Wis., for two days on suspicion of being implicated in the sudden death there last week of B. F. Burton, a hotel proprietor, attempted suicide there. She swallowed wood alcohol and poured some of it in her eyes. Though she may not die, she will be blind.

## Rheumatism

Like Neuralgia, is now known to be a nervous disease. The kidneys become weak through lack of nerve energy, and fail to filter the uric acid from the blood; this acid attacks and burns the nerves and muscles, and consumes the oil in the joints, producing inflammation, fever, swelling—pain.

To cure Rheumatism, then, you must restore the kidney nerves and muscles, and neutralize the effect of the acid upon the joints and tissues with Dr. Miles' Restorative Nervine, a nerve medicine, which has made many cures of this painful disease. Nervine strengthens the kidney nerves and increases the circulation, and relief is assured.

"Before I took Dr. Miles' Nervine, I had been looking for a cure for Rheumatism for 25 years. The last time I was laid up for several months, could not get out of bed or set foot on the floor. I tried remedies to rub in, to drink, doctors' prescriptions, etc., but none of them had any effect. One day I read about Dr. Miles' Nervine and got a bottle. After the first dose I had a good night's rest, and after taking half a bottle the pains disappeared, and I went out and walked all around the town. In a week I went to work, and was perfectly cured, but continued to take the medicine for a time, to make sure the pains would not come back."

THOS. LONG, Wis.  
Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

## YOUR MORNING DRAM.

Let It Be a Glass of Water and Enjoy an Inside Bath.

Drink a glass of water when you get out of bed in the morning. Never mind the size of the glass. Let the water be cold if you will. Some people prescribe hot water, but that isn't necessary. You may have washed your face already and relished the experience. You may have taken a cold plunge into the tub and delighted in the shock and its reaction. The brisk use of the toothbrush has left your mouth clean and the breath sweet. But you are dirty still.

Drink a glass of cold water and enjoy the sensation of being clean inside. All that is luxurious in the cold bath cleansing the outside is artificial. That which should prompt the glass of water after sleeping is natural.

Drink a glass of cold water in the name of cleanliness. It becomes one of the shortest and easiest of toilet duties. It is swallowed in a second, and in five minutes it has passed from the stomach, taking with it the clogging secretions of the alimentary tracts. It has left behind the stimulus that goes with cold water, and, by filling the arterial system to the normal, it puts a spur to the circulation that has grown sluggish in the night.—Chicago Chronicle.

## THE BRIDE'S PORTION.

At One Time It Was Stated in the Wedding Announcement.

It was a common custom in the eighteenth century, especially during the reign of George II., to insert notices of marriage stating the bride's portion in contemporary periodicals and newspapers both in England and Scotland.

Almost every number of the Gentleman's Magazine at that time contained several of these records, of which the following, in 1731, is a specimen: "Married, the Revd. Mr. Roger Walton, of York, about twenty-six year of age, to a Lincolnshire lady, upwards of eighty, with whom he is to have £8,000 in money, £300 per annum, and a coach and four, during life only."

Sometimes the notice merely describes the bride as a lady with a "good portion" or a "gentle fortune." One of the latest notices was in Aris' Birmingham Gazette, July 14, 1800, which recorded the marriage of Mr. Canning, undersecretary of state, to Miss Scott, "with £100,000 fortune."—London Telegraph.

## Butterflies and Moths.

Though butterflies and moths are found widely distributed all over the globe they are by far most abundant in the tropics. For instance, Brazil can show to the collector not less than 700 different species within an hour's walk of Para. There are not half as many in all Europe. In Britain there are 67 species, and in all Europe there are 320 different kinds. They are found as far north as Spitzbergen, on the Alps to a height of 9,000 feet and on the Andes up to 18,000 feet. As there are some 200,000 species it is easy to see why butterfly hunters are great travelers.

## A Grim Tragedy

Is daily enacted in thousands of homes, as death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated, the tragedy is averted. F. G. Huntley of Oakland, Ind., writes: "My wife had the consumption, three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One nose relieves. Guaranteed at 50c and \$1.00 by all druggists. Trial bottles free.
